August 2024 District Appeal Letter

Dear District 5 Al-Anon and Alateen Members,

2024 donations through June finished slightly below a very aggressive budget. However, second quarter book sales fell noticeably from the first.

We've heard that some members are withholding donations under the belief that the District has an excess of funds. As was discussed in the past, this is not true. While we had money beyond our daily business needs, this extra was earmarked for special projects approved by our GRs. After paying for some of these projects and with the recent drop in donations and book sales, our abundant funds have fallen to a level where we may need to revise or scrap some of the remaining ones.

Running an Al-Anon District requires money, now more than ever, as we recover from lost membership and increasing inflation in the last few years. Please don't hold back your donations. This District can't survive without your generosity. Thank you for your continuing financial support.

King C., District 5 Treasurer
